

Making your bunting flag

Step 1: Choose your fabric – perhaps it could represent a link that you have to the hall.

Step 2: Cut out the bunting template and pin to your fabric. Cut out your first triangle.

Step 3: Repeat step 2, you will need two triangles for your flag.

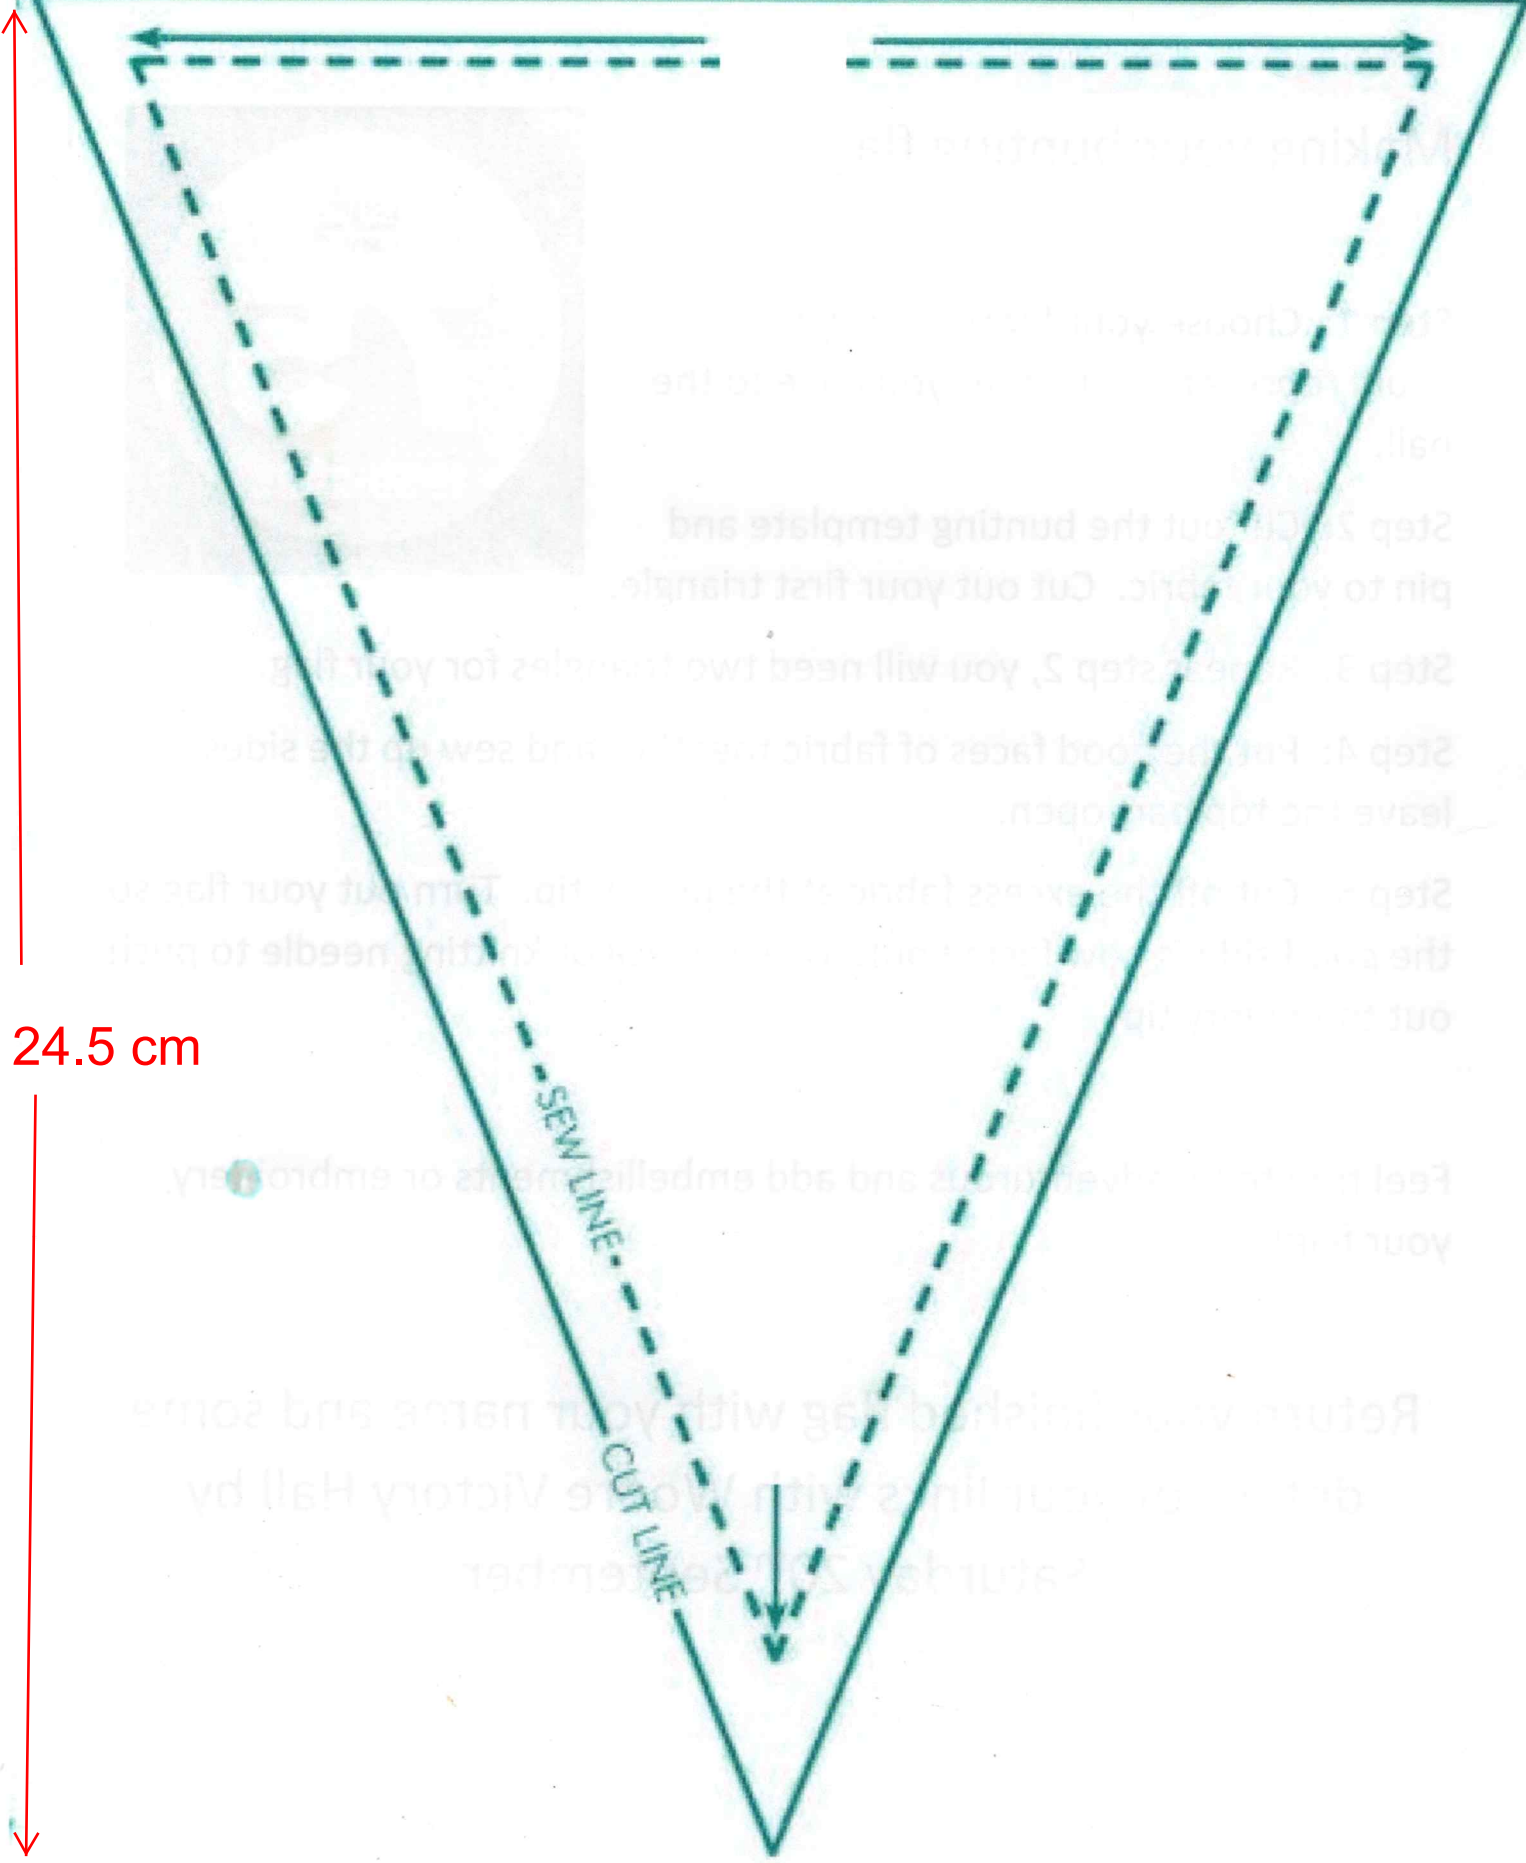

Step 4: Put the good faces of fabric together and sew up the sides, leave the top part open.

Step 5: Cut off the excess fabric at the pointy tip. Turn out your flag so the good side is now facing out. Use a pencil or knitting needle to push out the pointy tip.

Feel free to be adventurous and add embellishments or embroidery your flag!

Return your finished flag with your name and some details of your links with Woore Victory Hall by
